SP2000 Series

27 HP KOHLER COMMAND

WALK-BEHIND

Roll over targets to view product features

- +
Powerful, field proven Kohler 27-HP V-Twin Engine.
- +
1/2-inch Thick Cutter Wheel, 19-inch diameter maximizes efficiency & provides ultimate cutting power.
- +
Height Adjustable Control Handle along with finger tip control help to maximize operator efficiency.
- +
Limited Slip Drive System senses when you need to turn. Does not sacrifice climbing power.

The **SP2000** provides impressive cutting power and the ability to operate in tight working conditions. The unit combines the convenience of a self-propelled transmission with a 27-horsepower engine in an extremely narrow package width.

The SP2000 is easy to use and provides operators powerful cutting ability. The self-propelled transmission allows for both quick and powerful transport to the work area. The transmission provides infinitely variable hydrostatic speed control in both forward and reverse. The model SP2000 provides an excellent solution for hard to get to stumps.

PRODUCT MANUAL

INNOVATIVE FEATURES

Hydrostatic Transmission allows infinitely variable ground speed control.
